

Your partner for yachtcharters in the mediterranean seas - www.charterpartner.eu

The bases of the chartercompanies in SPLIT are located either in **ACI-Marina** , which is close to the ferry-boat-port or in **ZENTA Marina** in the samename area. If you arrive by car, please use the following description:

Please check your boarding-pass information to see, which marina is mentioned to find your chartercompany and the chartered boat!

Coming from the north (Trogir or airport or Dubrovnik or highway) you can follow the indications leading to the center. Best is, you follow the big indicators to the center, and use the **Domovinskog rata street**. That is a big 4-6-lane road leading to the center and one can't miss it!

Marina ACI - either follow the first indicator right (center), pass the football(soccer) stadium and ahead, follow that street and drive through the tunnel. Otherwise you use the **Domovinskog street** and make right at the **Gunduliceva street**, follow the indicators to **MARJAN** and drive through the tunnel. Then go ahead another 500m, make left and follow the street until you see a sign "Marina Hotel", where you drive right and follow that street to it's end: the ACI Marina

ZENTA Marina can be reached coming from **Domovinskog street** either via the **Dubrovacka street** which you follow to it's end **or you make left at the Vukovarska street**. It is possible to use one of the other bigger streets left, because they all cross over **Dubrovacka street**. At the end of the **Dubrovacka street** it leads further eith the name **Spinciceva street**, and at it's end you'll find easily the Marina Zenta (indicated as well)
